

Questions and Answers regarding CSBG Case Management RFP

Q. Who will be referring clients to the case manager, and am I right in saying that it should cover a municipality other than Trenton?

A. There is no one set referral source. They can include self-referrals, referrals from the community, referrals from other agencies, etc.

Yes, it should cover a municipality other than Trenton.

Q. Can we serve more than one municipality, like Hamilton and Princeton with the larger portion of the work being done in Hamilton? We have offices in both of these municipalities so it's a natural fit for us.

A. As per the RFP on page 17, each proposal must address only one municipality, the City of Trenton being excluded.
